

First : Timeline, creating stories.

The screenshot shows the Jira Software interface for the 'Henna_Solutions_Aims' project. The left sidebar contains navigation options under 'PLANNING' (Timeline, Backlog, Board, Goals) and 'DEVELOPMENT' (Code). The main area is titled 'Timeline' and displays a calendar view for December, January, and February 2024. A vertical orange line indicates the current date. Below the calendar, there are sections for 'Sprints' (HSA-1 Clients, HSA-2 Client Mettings) and a '+ Create Epic' button. The bottom right corner shows a view selector with 'Today', 'Weeks', 'Months' (selected), and 'Quarters'.

Second: Backlog, creating issues.

The screenshot shows the Jira Software interface for the 'Henna_Solutions_Aims' project, specifically the 'Backlog' view. The left sidebar is the same as in the first screenshot. The main area is titled 'Backlog' and shows a list of issues. The top section is 'HSA Sprint 1' (0 issues) with a 'Start sprint' button. Below it is a 'Plan your sprint' section with an 'Import work' button. The bottom section is 'Backlog' (3 issues) with a 'Create sprint' button. The issues listed are:

Issue	Category	Status	Assignee
HSA-3 First Meeting	CLIENT METTINGS	TO DO	[Avatar]
HSA-4 Create First layer	CLIENTS	TO DO	[Avatar]
HSA-5 Closing meeting	CLIENT METTINGS	TO DO	[Avatar]

Third: Backlog descriptions, Creating descriptions, definition of Ready, and definition of Done.

The screenshot shows the Jira Backlog interface for the project 'Henna Solutions_Aims'. The main section is titled 'HSA Sprint 1' and contains a 'Plan your sprint' area with a 'Start sprint' button. Below this is a 'Backlog (3 issues)' section with three items: 'HSA-3 First Meeting', 'HSA-4 Create First layer', and 'HSA-5 Closing meeting'. The right sidebar shows the 'Definition of Ready' and 'Definition of Done' sections, both currently empty. The 'Description' section contains a text area with the following content:

This layer should include all the requirements archived at the client meeting.

Acceptance criteria

1. Apply all the requirements achieved at the meetings and create a layer using those requirements.
2. Discuss all the requirements with the team.

At the bottom of the sidebar, there is a comment section with a text input field and a 'Pro tip: press M to comment' message.

Fourth : Sprint initialization, sprint ready, and setting times.

The screenshot shows the Jira Sprint board view for the project 'Henna Solutions_Aims'. The main section is titled 'HSA Sprint 1' and contains a '9 days remaining' timer. The board is divided into four columns: 'TO DO 3', 'IN PROGRESS', 'IN REVIEW', and 'DEPLY TO QA'. The 'TO DO 3' column contains three items: 'First Meeting', 'Create First layer', and 'Closing meeting'. The 'IN PROGRESS' column is currently empty. The 'IN REVIEW' column is currently empty. The 'DEPLY TO QA' column is currently empty. The right sidebar shows the 'Definition of Ready' and 'Definition of Done' sections, both currently empty. The 'Description' section contains a text area with the following content:

This layer should include all the requirements archived at the client meeting.

Acceptance criteria

1. Apply all the requirements achieved at the meetings and create a layer using those requirements.
2. Discuss all the requirements with the team.

At the bottom of the sidebar, there is a comment section with a text input field and a 'Pro tip: press M to comment' message.
